# Weather Key Points

Regional Operations Center

Western Region

Wednesday, June 1

- Very warm temperatures and minor to locally moderate heat risk impacts will persist across many inland locations through Thursday, with cooler temperatures arriving for the weekend. Readings will then warm once again through the middle of next week.
- Light winds are forecast across much of the state on Wednesday, with periods of gusty conditions returning for many areas Thursday through early next week
  - These winds, in combination with ongoing dry conditions and warm temperatures will bring elevated fire weather conditions, particularly to inland southern California
- Dry conditions will persist across the state through Friday, with a round of showers and some thunderstorms expected to track across portions of northern California Saturday and Sunday, mainly north of Interstate 80
